A beautiful young woman is lying in a bed in a deep coma. Beside the bed is an open window. On the opposite side of the bed is a doorway. Through the open window, a young handsome prince climbs through.

Prince Charming: At last, I'm finally here. After a long a perilous journey I have made it to Mount Cherry Hill, the home of my Sleeping Beauty. I have trekked thousands and thousands of kilometres, everything I have done before this in my life has led to this moment. I Prince Charming will kiss this kind beauty, my kiss will awaken her and we will be in love. We will then be married and we will live happily ever after. The moment we have both been waiting for.

Prince Charming approaches the bed. He leans over to kiss the beautiful young woman in the bed. Before he kisses the woman, a doctor, a police inspector and a hospital nurse enter the room through the door. The doctor is wearing a white coat, and is carrying a clip board.

Doctor: Step away from my patient.

Prince Charming: Excuse me? What is going on?

Inspector: We could ask you the same question.

Nurse: Doctor, what is he doing?

Prince Charming: I'm Prince Charming; I'm here to kiss this beautiful princess. Who are you?

Inspector: I'm chief Inspector of the Mount Cherry Police Department, and I will be asking the question around here.

Doctor: And I'm a doctor at this hospital.

Nurse: And I'm disgusted!

Inspector: What we have here my good doctor and nurse is the Mount Cherry Hill sex creep. We have been chasing him for months. Well done constable, we have him.

(Constable sits up in the bed)

Constable: Thank you inspector. He was just about to kiss me, my lord he stinks.

Nurse: Yes he looks like he stinks.

Doctor: Statistically, sex creeps *stink* more than regular non creepy people. It's a fact.

Prince Charming: What is going on? I'm not a sex creep. I might smell a bit, I did climb several stories to come through the window.

Constable: We have a confession.

Inspector: Yes, he waits till all is quiet and sneaks into his unsuspecting victim's rooms and performs his unspeakable deeds.

Prince Charming: No, you have this all wrong. I just climbed through this open window here, in the middle of the night, to kiss this sleeping woman who I've never met before, on the lips. In the hope she will fall in love with me and marry me. If she doesn't wake up I will move onto the next room and repeat. There is nothing creepy about that.

Doctor: Nurse, get hospital security. Tell them the police have caught the Mount Cherry Hill sex creep.

Nurse: Yes, doctor.

(Nurse leaves to get a security officer.)

Prince Charming: No there is a misunderstanding, you don't understand, I'm a prince. This is what princes do.

Constable: Maybe if you're Prince Andrew.

Prince Charming: No you see, I was told I must kiss her, if I didn't, she would never have been roused from her sleep.

Inspector: Doctor, how many patients have you had that have woken up from a coma?

Doctor: Six in my entire career.

Inspector: How many coma patients have you or any of your team had to kiss as part of their treatment?

Doctor: Zero. Never was it mentioned in medical school that a deep state of unconscious could be remedied by making out.
